

# Constitution of the Peach Garden Fund

## **Name:**

The Peach Garden Fund

## **The purposes of the charity are:**

Based on scientific research it is clear that humans are herbivores so by promoting such idea, The Peach Garden Fund aims to alleviate health and humanitarian issues worldwide. With further research into cells recovery rate, this path in default will further emphasise the benefits of The Natural Way of Life and consequently in time develops into a technique of cell culture superior to that of using bovine serum.

Environmentally, The Peach Garden Fund will work tirelessly to reduce CO2 worldwide, not to prevent global warming because the PGF is not satisfied with the data, but to prevent damages it can cause to human beings. So this poses a real challenge and The Peach Garden Fund's aim is to develop a hydro power system to transform the energy demand from fossil and nuclear to greener energy.

And it is with hope and drive that fund raising in traditional methods and the investment fund will provide enough impetus to make some of the ideas come to fruition and the revenue from those fruits may shelter the needy and feed the poor.

## **Trustees:**

The charity shall be managed by a committee of trustees who are appointed at the annual general meeting (AGM) of the charity. They shall be from the right professions (fundraising, doctor of medicine, engineering (mechanical and electrical) professionally trained secretarial and secondly: a herbivore.
